INTRODUCTION

Purpose of the Document
The National Coaching Certification Program (NCCP), launched in 1974 and delivered in partnership with the government of Canada, provincial/territorial governments, and national/provincial/territorial sport organizations, gives coaches the confidence to succeed.

The CAC works with over 65 different National Sport Organizations, including Table Tennis Canada, across Canada in the development of sport-specific NCCP training. Currently, there are over 850 workshops available at every level of sport – from 3-hour online introductory workshops for beginner coaches, to weekend workshops for intermediate coaches, to intensive two-year training programs for advanced coaches.

This Table Tennis Canada NCCP Operations Manual contains guidelines and procedures for successful implementation of the NCCP in our sport. It is not intended to replace the NCCP Policies and Implementation Standards, nor does it serve as development guidelines.

1 TABLE TENNIS CANADA AND NCCP

1.1 Partners in Coach Education
The CAC, the Provincial/Territorial NCCP program delivery agencies, the National Sport Organizations (NSOs) and the federal-provincial/territorial governments are individually and collectively responsible to:

- Ensure that the NCCP and other coaching and sport leader development programs contribute to a safe and ethical sport experience in all contexts of participation;
- Ensure that the programs integrate into the Canadian Sport For Life framework and follow the principles of Long Term Athlete Development (LTAD);
- Ensure that coaching and sport leader development programs are available in both French and English;
- Use best efforts to make the program accessible to all, including traditionally underrepresented and/or marginalized populations as referenced in the Canadian Sport Policy and the Federal-Provincial/Territorial Priorities for Collaborative Action;
- Endorse the value of competent coaches and support, along with other stakeholders, higher standards of coaching competencies and working conditions/environments for coaches;
- Actively participate in the resolution of any differences that put the integrity and continuity of the NCCP at risk.

1.1.1 Coaching Association of Canada (CAC)
The CAC unites stakeholders and partners in its commitment to raising the skills and stature of coaches, and ultimately expanding their reach and influence. Through its programs, the CAC empowers coaches with knowledge and skills, promotes ethics, fosters positive attitudes, builds competence, and increases the credibility and recognition of coaches.

**COACH DEVELOPMENT MODEL**

**LTAD**
- Active Start: Age 3–5/6
- Fundamental: Age 5/6–8/9

**NCCP**
- CSp-Init
  - To introduce the basics of Table Tennis to:
    - Community centre leaders
    - School P.E. instructors
    - Parents of players
    - Players who have a certain level of skills and are willing to coach
  - Practical evaluation is not required

**CDM**
- Comp-Int
  - To introduce coaches to advanced playing techniques and tactics
  - To be certified, Multi-sport Part A is mandatory.
  - To be certified, coaches must attend the course and successfully pass an on-court evaluation.
  - Coaches certified at this level can coach in school, community and private clubs.
  - In some instances, one can attempt the evaluation without taking the course. Certification status can be maintained by re-evaluation every 5 years or collect enough Professional Development points.

- Comp-Dev
  - Will provide coaches with skills analysis techniques, competition tactics, athlete development models and cyclical training plans.
  - To be certified, coaches must attend 9 multi-sport modules, a Table Tennis specific course, and successfully pass an on-court evaluation, an in competition evaluation, and 3 online evaluations.
  - Coaches certified at this level coach at High Performance Clubs, Provincial Centres of Excellence and possy at Regional High Performance Centres.
  - Although the course at this level and Comp-Int certification is recommended, it is possible to attempt the evaluation without the above mentioned training.

- High Performance
  - Will provide coaches with the most advanced coaching theories and practices in all aspects of coaching and athlete development.
  - Coaches certified at this level coach at a national and international level.
  - At this level, the Comp-Dev certification is a prerequisite.

2 THE NCCP MODEL
2.1 Training vs. Certification
The NCCP model distinguishes between training and certification. Coaches can participate in training opportunities to acquire or refine the skills and knowledge required for a particular coaching context (i.e. Competition-Introduction) as defined by the sport and be considered "trained".

To become "certified" in a coaching context, coaches must be evaluated on their demonstrated ability to perform within that context in areas such as program design, practice planning, performance analysis, program management, ethical coaching, support to participants during training, and support to participants in competition.

Certified coaches enjoy the credibility of the sporting community and of the athletes they coach because they have been observed and evaluated “doing” what is required of them as a competent coach in their sport. They are recognized as meeting or exceeding the high standards embraced by more than 65 national sport organizations in Canada. Fostering confidence at all levels of sport, certification is a benefit shared by parents, athletes, sport organizations, and our communities.

NCCP coaches are described as follows:

- **In Training** – when they have completed some of the required training for a context
- **Trained** – when they have completed all required training for a context;
- **Certified** – when they have completed all evaluation requirements for a context.

For more information please visit [http://www.coach.ca/trained-vs-certified-s16468](http://www.coach.ca/trained-vs-certified-s16468).

2.2 Recognition of Coach Competence
The NCCP is a competency-based program based on coaching abilities, meaning the NCCP is a program that certifies coaches based on proven abilities to “DO” certain things deemed important to meet the needs of the participants they coach. The NCCP is competency based, and as a result certification is based upon what a coach is able to demonstrate, not the training they may or may not have undergone.

Coaches must go through the evaluation process for the context in which they are coaching. Evaluation must include the entire evaluation process for the context in which the coach is being certified (including online multi-sport evaluations). This ensures the coach is able to demonstrate the required competencies for the context, and removes the need for the NSO or other partners to “judge” the relevance or rigor of the many different international programs that exist.

Coaches do not receive credit for “training” modules that they do not complete, but will be able to achieve “certified” status upon a successful evaluation. This only applies in contexts where certified status is available to coaches. There is no such thing as “equivalency”.

This respects and recognizes current coaching competence, which includes Canadian coaches with significant coaching experience or related background, and foreign coaches with approved training and certification.
2.3 NCCP Coach Training and Evaluation – Table Tennis Canada Program Overview

As Table Tennis Canada’s NCCP programs evolve, other resources and tools will be developed to implement effectively the coach and athlete development pathways, workshops, workbooks and portfolios. This document outlines the identification, training, retention and evaluation of the personnel required to carry out these programs.

Table Tennis Canada recognizes and adopts the policies, goals and objectives behind the changes in the NCCP to provide for more competent coaches by conducting training using modern adult education principles such as facilitated learning, self-directed modules and the evaluation of both coaches and facilitators.

The overall teaching format in the workshops will be based on mentorship and facilitation of learning by participants. Competency-based education and training is founded on the concept of learning by doing. Coaches develop and refine their skills when they are given the opportunity to apply the concepts of fundamental Table Tennis skills. The Workshops are designed to allow participants to practice the core skills required in each coaching context and to enable them to reflect on how they might apply what they have learned in their own programs. The Workshops will be based on developing the core competencies of valuing, interacting, leading, problem-solving and critical thinking.

There are Facilitator Guides, Coach Workbooks, Reference Manuals, other tools and resources developed for each context. All the materials, activities and discussion pieces are appropriate for each coaching context, developmental age and the characteristics of the coaches involved in each stream. Each module within the workshops will describe expected ‘learning outcomes’ and the criteria and evidence on which coaches will be evaluated to obtain certification (excluding the Initiation to Table Tennis as this context does not require an evaluation).

The responsibility for program design, definition and national standards will rest with Table Tennis Canada. Program delivery at the local and provincial level will be the responsibility of the provincial/territorial Table Tennis associations (P/TSOs) according to these program standards.
2.4 Stream and Context Descriptions

2.4.1 Community Sport Stream

You may already coach at the community level or you’re thinking about coaching. Often, you’re a parent whose child is involved in sport, or a volunteer who works with participants of all ages that are new to a sport.

The Community Sport – Initiation context focuses on participants who are being introduced to a sport. Table Tennis Canada’s CSp-Init coach’s primary role is to conduct programs for participants new to table tennis, and to introduce these athletes to the basics of table tennis in a fun, safe and self-esteem building environment, regardless of their ability.

Coach Training = 1 day workshop (7.5hrs)

2.4.2 Competition Stream

Coaches in the Competition stream usually have previous coaching experience or are former athletes in the sport. They tend to work with athletes over the long term to improve performance, often in preparation for provincial, national or junior international competitions.

There are three levels of workshops for competition coaches that reflect the stages of athlete development: Introduction, Development and High Performance.

The Competition – Introduction context is designed for coaches of athletes moving from the FUNdamentals to the Learn to Train and Train to Train stages of long-term athlete development. There is no pre-requisite for the Competition-Introduction TTCAN program.

See Section 2.5 for coach pathway details

Base Program Training = 2 days in classroom and gym
Base Program Evaluation = Observation during a practice (=3hrs) + submission of portfolio

*Advanced Program Training: 2 days in classroom and gym
*Advanced Program Evaluation: Observation during a competition (=4hrs)
Coach designation after Evaluation completed: Competition-Introduction Advanced Certified

*The Base program is a pre-requisite to the Advanced Program.
The Competition – Development context is designed for coaches of athletes ranging from the Train to Train to the Train to Compete stages of long-term athlete development. Coaches refine their basic skills, techniques and tactics while acquiring the advanced skills, techniques and tactics. At this stage, building the capacity of mental skills, tactical skills, competition experience, self-analysis, focus and physical ability become an integral part of the athlete.

- Evaluation 2: Observation during a competition (1 day)  
- Submission of portfolio  
- NCCP Online Evaluations: Make Ethical Decisions, Managing Conflict, Leading Drug-free Sport

The Competition – High performance context is typically reserved coaches of athletes in the Train to Win stage of long-term athlete development although there is the possibility of some phasing in of a Train to Compete athlete into the High Performance level because of the fluidity of the stages of long-term athlete development. Coaches in this stream require specific skills and abilities in order to meet the needs of their athletes.

Revised 2016
3 EVALUATION AND CERTIFICATION

3.1 Objectives
Evaluation in the National Coaching Certification Program (NCCP) is the process used to determine whether coaches meet NCCP coaching standards for certification. This process applies to all coaching contexts in the NCCP. While evaluation for certification is not required in the Community Sport stream, sports in that stream may choose to certify coaches.

3.2 Principles of Evaluation in the NCCP

- Outcomes are the foundation of the NCCP approach to evaluating and certifying coaches.
- Evaluation in the NCCP reflects the ethical coaching practices promoted in the Canadian sport system.
- Evaluation in the NCCP reflects the diversity among sports in a given context.
- Evaluation recognizes and respects individual coaching styles.
- Evaluation in the NCCP is evidence-based.
- The evidence in NCCP evaluations consists of observable coaching behaviour that is used to determine whether a coach meets a given criterion.
- The evidence in NCCP evaluations may come from several sources.
- Evidence demonstrated during an evaluation may not reflect all of the elements or objectives identified in training activities.
- Coaches are fully advised of the evidence that will be used to determine whether they meet a given criterion. This helps them achieve certification.
- Coaches seeking certification are evaluated by NCCP-trained and NCCP-accredited Coach Evaluators.

Additional Points

- Evaluation requirements, procedures, and methods are (1) administratively feasible, (2) professionally acceptable, (3) publicly credible, (4) legally defensible, (5) economically affordable, and (6) reasonably accessible.
- Evaluation is preceded by NCCP training or relevant experience.
- NCCP training activities prepare coaches to meet certification standards.

3.3 Outcomes, Criteria, and Evidence
Evaluation in the NCCP is based on a systematic approach to determining whether coaches meet NCCP standards. This approach has three key components:

- Outcomes
- Criteria
- Evidence
EVIDENCE: This is what the Coach Evaluator must observe and measure to confirm that the candidate meets the NCCP standard for each criterion

All criteria are associated with one or more pieces of evidence. Evidence is what the coach actually does. It is observable and measurable.

The more evidence the Coach Evaluator must observe and measure, the more demanding the evaluation will be.

Evidence may be sport-specific. The quantity and quality of criteria associated with a particular outcome contribute to the NCCP minimum standard for evaluation.

Together with the outcomes and criteria, the evidence is used to determine the NCCP minimum standard for evaluation.

EXAMPLE – Competition – Introduction Criteria and Evidence for the Provide Support to Athletes in Training Outcome

- Criterion: Implement an appropriately structured and organized practice
- Evidence: Deliver a practice that matches the goals identified in the practice plan; activities contribute to development of skills, tactics, or athletic abilities; equipment is available and ready to use
3.4 Evaluating Coaches in the NCCP

Evaluating coaches in the NCCP evaluation process involves:

- Portfolio evaluation
- Prebrief
- Formal observation
- Debrief
- Action planning
- Reporting/Administration

**Portfolio Evaluation**

- The portfolio evaluation enables the Coach Evaluator to determine the readiness of the coach candidate for the formal observation.
- The coach must register with the appropriate sport body and submit all required portfolio pieces in advance of a formal observation being scheduled.
- The Coach Evaluator must review the portfolio using the appropriate evaluation tool(s) and then communicate the feedback to the coach in a timely manner.
- Successful completion of the required portfolio pieces will determine readiness for the formal observation.
- Once it is established that the candidate is ready for the formal observation, the Coach Evaluator should notify the appropriate sport body to schedule the formal observation.
- When the formal observation is scheduled, the Coach Evaluator begins the prebrief process.

3.5 Certification Standard

Certification standard refers to the degree to which coaches meet a given criterion. An achievement scale is used to determine whether or not a coach meets or exceeds the minimum standards. For example, a five-point achievement scale might be:

- 5 Expert
- 4 Advanced
- 3 NCCP Minimum Standard – includes the evidence that describes the minimum standard for what a coach does
- 2 Near Standard
- 1 Well Below Standard
While the achievement scale may differ, all must include the NCCP Minimum Standard.

Coaches seeking certification for a given context must be evaluated and must achieve at least NCCP Minimum Standard in all the relevant criteria required for that context in their evaluation.

### 3.6 NCCP Database (the Locker)

The NCCP Database tracks the outcomes and criteria with a (T) for the criteria that have been trained and with an (E) for the criteria that have been evaluated. The Database does not track evidence.

### 3.7 Challenges (Direct to Evaluation)

Table Tennis Canada recognizes and honours prior learning experiences of coaches, including foreign coaches. Coaches who have foreign certification credentials, apparent coaching skills and experience can challenge the training and go straight to the evaluation components to demonstrate their competence.

The chart below identifies which components can be challenged:

<table>
<thead>

A Challenge consists of bypassing the “Training” events and going directly to the “Evaluation” events. A Challenge is accepted once the Evaluation pieces have been submitted; online evaluations are completed with passing grade and in practice and/or in coaching evaluations have taken place. Once the Challenge is marked as ‘Passed’, the coach is “Certified”.

A Coach can only Challenge the process of any context once. If the Challenge is not successful, the coach will need to go through the Training process and then be re-evaluated in order to be “Certified”.

To begin a Challenge, a coach must have the following:

- A completed TTCAN’s NCCP Challenge Application Form (Section 12.6)
- A letter from his/her P/TSO, outlining the coach’s experience
- A completed Portfolio
- Passed the online evaluations relevant to the context being challenged

The P/TSO submits the above requirements to Table Tennis Canada for final approval.
N.B. International coaches that hold coach education credentials from another country need to provide a translated version of the certificates. These certificates may replace the required letter from the P/TSO.
The fees for a Challenge are outlined in Section 6 – Fiscal Responsibility
4 COACH DEVELOPERS

Who coaches the coaches? NCCP Coach Developers do!

According to the International Council for Coaching Excellence (ICCE), Coach Developers “are not simply experienced coaches or transmitters of coaching knowledge – they are trained to develop, support, and challenge coaches to go on honing and improving their knowledge and skills in order to provide positive and effective sport experiences for all participants.” In short, Coach Developers need to be experts in learning, as well as experts in coaching.

NCCP Coach Developers include Master Learning Facilitators, Advanced Learning Facilitators, Learning Facilitators, Master Evaluators, Advanced Evaluators, and Coach Evaluators.

The typical pathway for someone who wants to be a Coach Developer involves the following steps:

Training: Coach Developer candidates must complete rigorous training, and this training is now being made consistent across Canada. The following training is required by all Coach Developers:

- **Core Training**: Provides Coach Developers with the skills to perform their role.
- **Content-specific Training (sport or multi-sport)**: This includes micro-facilitation which gives Coach Developers an opportunity to practise delivery with their peers.
- **Co-delivery**: This is a chance for the new Coach Developer to practise with real coaches alongside an experienced Coach Developer.

Once a Coach Developer has all of the above training pieces they are considered “TRAINED”.

Evaluation: Evaluation confirms that the Coach Developer is capable of certain abilities which are deemed important in the training of coaches.

Once a Coach Developer has been evaluated they are considered: “CERTIFIED”.

For more information please visit: [http://www.coach.ca/coach-developer-training-s16933](http://www.coach.ca/coach-developer-training-s16933).
4.1 Identification and Selection of Coach Developers

There are two ways to become a Coach Developer candidate:

- Master Learning Facilitators (MLFs) or Master Evaluators (MEs), Provincial/Territorial Sport Organizations (P/TSOs), and National Sport Organizations (NSOs) can identify Coach Developer candidates.

- Individuals can nominate themselves.

When establishing a pool of candidates, TTCAN will try and balance the regional training requirements of Table Tennis with the need to have appropriate representation of all regions in Canada. Many candidates are coaches who are already involved in the NCCP or individuals with backgrounds in physical education, kinesiology, or similar areas of study. The competencies of the coach developers are clearly indicated in the Evaluation Tools.

Individuals who nominate themselves are sent the Template for Coach Developer Self-Nomination Letter (Section 12.3) and are asked to fill in this letter and submit it to their Provincial/Territorial Sport Organization (P/TSO) or Provincial/Territorial Coaching Representative (P/TCR), along with their resume and NCCP Certification Transcript, if applicable.
4.2 Learning Facilitator

Every NCCP workshop is led by a trained Learning Facilitator (LF) who has undergone a standardized training process. LFs are crucial to the development of skilled, knowledgeable coaches who are then able to develop safer, happier athletes/participants.

The goal of an LF is to effectively facilitate sessions that result in the development of coaches who are able to demonstrate their abilities and meet the standards established for certification. An LF should have the appropriate knowledge, skills, and attitudes to facilitate workshops using the competency-based approach. In addition, they serve as contributing members of the community and ambassadors for the NCCP.

4.2.1 How to Become a Learning Facilitator

All Learning Facilitators complete the following steps:

For more information please visit: http://www.coach.ca/learning-facilitator-p156718.

4.2.2 Selecting Learning Facilitators

The success of NCCP training rests to a large degree on the quality of the individuals selected as Learning Facilitators.

It is recommended that Learning Facilitators are:

- Good communicators: have the ability to speak clearly and communicate professionally;
- Good presenters: are comfortable presenting in front of a group, are well spoken, are able to keep presentations to time limits, and able to adapt to questions and changes;
- Good facilitators: are able to facilitate discussions, actively listen, evoke participation, and move discussions along when need be;
- Good organizers: are well prepared, organized, and professional;
- Also: approachable, ethical, responsible, and self-confident.

In addition, TTCAN requires the following sport-specific experience, background, and abilities:
Certified Coach in the context they are delivering in;
Sound technical knowledge in table tennis

4.2.3 Core Training

Core Training for Learning Facilitators is a mandatory component of training for Learning Facilitators. It is recommended that Core Training is completed prior to coming to Content-specific Training.

Core Training can be accessed through the P/TCR in each province or territory.

4.2.4 Content-specific Training

Content-specific Training is a mandatory component of training for Learning Facilitators. Content-specific Training will include a micro-facilitation component of the content that will be delivered.

The MLFs will also be trained as Master Evaluators. LFs will also be trained as Evaluators.
4.4 Coach Evaluator

A Coach Evaluator’s role is to contribute to the development of coaches after they have acquired their NCCP training. This includes assessment, evaluation, debriefing, and follow-up with coaches trying to achieve Certified status. Coach Evaluators are experts in the observation process and have in-depth knowledge of the outcomes, criteria, and evidence that comprise the evaluation tools that establish NCCP standards for coaches of a particular sport context.

Coach Evaluators act as ambassadors of the NCCP and as a resource to coaches seeking to augment and validate their coaching abilities.

All Coach Evaluators complete the following steps:

For more information please visit: http://www.coach.ca/coach-evaluator-p156721.

4.4.2 Selecting Coach Evaluators

The success of any evaluation program rests to a large degree on the quality of the individuals selected as Coach Evaluators. Clearly, it is critical that quality control be exerted when appointing someone as a Coach Evaluator, as not everyone possesses the experience, skills, or attitudes to be effective in this position.

It is recommended that Coach Evaluators have:

5 MAINTENANCE OF CERTIFICATION AND PROFESSIONAL DEVELOPMENT

The Coaching Association of Canada and its partners recognize the value of having certified NCCP coaches that are engaged in Professional Development programs which reinforce the values of lifelong learning and sharing amongst the coaching community.

In order for NCCP coaches to maintain their certified status, they will be required to obtain Professional Development (PD) points. PD points can be earned through a multitude of activities that coaches already participate in, including: national and provincial sport organization conferences and workshops, eLearning modules, NCCP workshops, coach mentorship programs, and active coaching. In most cases coaches are already earning their required PD points – Maintenance of Certification Status is simply the introduction of tracking these points and recognizing coaches for their efforts.

Maintenance of certification is essential to:

- Ensuring coaches stay current with new coaching practices and knowledge;
- Maintaining the integrity of the NCCP;
- Maintaining consistency with the standards of other professions;
- Reinforcing the values of lifelong learning and continuous improvement.

Certification within the NCCP shall be valid for a maximum period. The concept of “life-span of NCCP certification” shall apply to coaches who:

- Are already certified according to the standards of the Levels-NCCP.
- Are certified according to the standards of the Levels-NCCP while it is still in effect.
- Are certified according to the standards of an NCCP context’s core certification and gradations.

Maintenance of certification must be based on active coaching and professional development.

## 5.2.1 NCCP (multi-sport or Table Tennis specific)
- Activities (training or evaluation) that are based on context-specific Outcomes, Criteria and Evidences.
- Examples: TTCAN NCCP courses/workshops, NCCP Mutli-sport workshops, Advanced Coaching Diploma activities.

## 5.2.2 NON-NCCP
- Regular scheduled conferences, seminars and courses organized by NCCP partners or third-party organizations.
- Examples: Atlantic Coaches Conference, CS4L workshops, Sport Leadership Conference, SPIN Summit, Canadian Sport Institute Network events, etc.
- See below for a list of TTCAN's approved non-NCCP PD activities
5.2.3 SELF-DIRECTED LEARNING (a maximum of 3 points per cycle can be accumulated)
- An activity done outside NCCP, TTCAN, or any other registered organization.
- Example: A coach attends a ‘team-building’ seminar with their employer.

5.2.4 ACTIVE COACHING
From grassroots to high performance, on the field, in the pool, on the ice and snow, or on the track – coaches are constantly learning. By being actively engaged in coaching, coaches are able to learn from their athletes, peers, and situations on and off the field of play.

Coaches naturally rely on the education formed through their experiences to handle whatever situation is thrown at them. That’s why we are recognizing coaches who are actively coaching with one PD point a year. By completing this active coaching declaration you are stating that in the calendar year submitted, you coached an athlete(s).

Coaches are required to annually login to The Locker and complete the Active Coaching Declaration in order to get their 1 PD point per year.
## 6 Fiscal Responsibility

Table Tennis Canada shall establish fee guidelines and parameters for coach training and evaluation programs offered and developed under its authority. The principle to be followed is to provide training and evaluation on a cost recovery basis whereby proceeds are shared by the stakeholders according to their contribution.

Table Tennis Canada will set fees to recover its costs related to program design, development, and contracting responsibilities for tools and resources.

The recommended fee* structure developed to date is outlined below:

N.B. The costs used to develop the fee structure can vary from province to province. A P/TSO can choose to subsidize fees for participants based on their actual costs. However, courses should not run on a deficit.

7 RECRUITMENT, RETENTION, EDUCATION AND RENEWAL

The P/TSOs, in close cooperation with Table Tennis Canada, will develop and maintain a suitable number of high quality Learning Facilitators, Master Learning Facilitators and Coach Evaluators and Master Evaluators. Our main focus will be to work with a respectable group of quality coach developers. P/TSOs will be responsible to recruit and train a sufficient number of personnel to meet the needs of the coaches. In the early stages of implementation (2015-2017), Table Tennis Canada will play a big role in facilitating the recruitment and training of MLFs, LFs, CEs and MEs. Table Tennis Canada will review the roster of active MLFs, LFs, CEs and MEs annually with the P/TSOs and monitor quality based on evaluation reports and needs based on geographical workshop demands. See Appendix A for a list of TTCAN’s Coach Developers.

Potential candidates and participants may be identified from participation at coaching meetings, conferences, high performance training camps or from active learning facilitators in other courses and successful coaches within recognized quality programs.

Table Tennis Canada will, in conjunction with the P/TSOs, identify potential resource personnel from the following additional sources:

- Course Conductors under the old NCCP paradigm;
- Athletes encouraged to enter the coaching streams upon completion of their competitive careers with high performance teams sponsored by Table Tennis Canada and the P/TSOs;
- Identification of potential candidates from the coaches chosen as guest coaches to provincial and National High Performance teams
- Identification of potential LFs by the P/TSOs from the roster of active coaches who may participate as LFs in the Multi-Sport or other sports; and
- Identification of potential Coach Evaluators by P/TSOs from the roster of active LFs and MLFs and from former course conductors and retired coaches who may wish to remain active.

Table Tennis Canada and the P/TSOs will encourage all participants to maintain a continuing interest in upgrading both their pedagogical and technical coaching skills by providing opportunities for their personnel through:

- Encouraging attendance at coaching conferences sponsored by P/TSOs and Table Tennis Canada, including as attendees, presenters and coordinators. It is recommended that Coach Evaluators, MLFs and LFs be granted free admission to the conferences as a condition of sanctioning of the conferences by either Table Tennis Canada or the P/TSO;
- Encouraging attendance at Multi-Sport training sessions within the provinces; and
- Developing a communication network to advise the active coach developers of opportunities for training available both nationally and internationally.
8 PROGRAM MONITORING, EVALUATION AND QUALITY CONTROL

8.1 Feedback on Workshops and Learning Facilitators

Coaches, upon completion of training modules, are provided an opportunity to provide feedback on the workshop and the LF. These workshop evaluations are to be collected by the LF and forwarded to the provincial association and Table Tennis Canada for review. The Template for Feedback forms can be found at the end of the Coach Workbooks as well as in Section 12.8.

LFs who consistently are rated highly on their workshop evaluations will be considered for mentorship roles with other LFs. They may also be considered for training as a LF in additional Contexts or as a Master Learning Facilitator.

If Table Tennis Canada finds consistently poor reviews of an LF’s performance, then the LF will be afforded an opportunity to improve their performance at a subsequent workshop. This workshop will be monitored by a MLF. If improvement does not occur, or minimal performance improvement is assessed, the LF will be removed from active status until they undergo further training.

A provincial association, in conjunction with Table Tennis Canada, may revoke LF status based on poor LF evaluations, following the unsuccessful implementation of the Action Plan.

Table Tennis Canada and the provincial staff liaison shall monitor and review the evaluation reports submitted by Evaluators on assignments for certifying coaches in the various contexts. In the event that there are inconsistencies or obvious patterns where the Evaluator is not properly applying the evaluation criteria, the ME will investigate and make recommendations regarding the status of the Evaluator as may be appropriate.

8.2 Annual Quality Review

Table Tennis Canada will conduct a quality planning review of the coach education program prior to the Annual General Meeting of Members (summer). At that time, the quality review will consider the following items:

- Results of any program review conducted by the Coaching Association of Canada and/or funding agencies such as Sport Canada;
- Any recommendations for improvements by stakeholders involved in the delivery of programs or affected by the training programs;
- A review of the Communication Plan, its resources and tools;
- A review of the program as suggested by Evaluation Forms submitted by Coaches and Learning Facilitators at the end of workshops;
- Learning Facilitator Workshop evaluation sheets that offer suggestions towards improving LF training;
- Funding requirements for additional training for coach developers, including the recruitment and training of additional personnel;
• Requirements for the training and development of coach developers to meet the linguistic and geographic profiles of P/TSOs;

• Reports: number of workshops conducted, number of coaches participating, roster of active MLFs, LFs, MEs, CEs; number of evaluations completed together with recommendations and suggestions arising from completed evaluation forms during the past year; and

• Comparison of report results with set provincial targets (number of trained vs certified coaches, number of workshops per P/TSO, etc.).

Table Tennis Canada will review and adopt improvements as developed by the National Coaching Certification Program on a continuous basis. The principles of continuous improvements and professional development shall be applied.
9 RESPONSIBILITIES AND PLANNING REQUIREMENTS

Each P/TSO shall have the following responsibilities for training in order to maintain a suitable number of quality Learning Facilitators and Coach Evaluators. This includes:

- Engaging the services of an MLF to conduct LF and Coach Evaluator training;
- Making arrangements and funding LF and Coach Evaluator training sessions;
- Identifying and recruiting a sufficient number of LF and Coach Evaluator candidates;
- Submitting the application package of candidates to Table Tennis Canada for review and approval before conducting training; and
- Assisting the participants with training and costs of materials when possible.

Each P/TSO shall have the following non-training related responsibilities in order to maintain a suitable number of quality Learning Facilitators and Coach Evaluators:

- Provide an appropriate number of opportunities for LFs to conduct their clinics. An appropriate number will depend on the LF and the time they have available;
- Review the LF and clinic evaluation forms that are completed by the coaches after the clinics;
- Provide an appropriate sharing of assignments for Coach Evaluators;
- Monitor the activities, performance and training of LFs, in conjunction with MLFs, to ensure that LFs meet the standards expected and maintain the most current training;
- Monitor the activities, performance and training of Coach Evaluators, in conjunction with MLFs, to ensure that Coach Evaluators meet the standards expected and maintain the most current training;
- Discuss with the LF if he/she is consistently receiving unfavorable reviews. Attend the next clinic, observe the clinic and take appropriate action during and after the clinic as required. This action can range from providing tips on how to improve, to removing their LF status either permanently or until they undergo further training; and
- Monitor and assess the performance of the Coach Evaluators in conducting their duties.

The responsibilities of Table Tennis Canada for the training of MLFs, LFs, Coach Evaluators and MEs shall be:

- To develop and train a roster of MLFs to conduct LF training throughout the regions;
- To appoint a Project Leader (Resource Person) as required from time to time to conduct MLF training;
- To develop LF, MLF and Coach Evaluator training guidelines and approve the training program as submitted by the Resource Person retained to conduct training; and
- To review any training programs developed to ensure they meet these standards and the requirements of the various coaching streams and contexts.
The responsibilities of Table Tennis Canada in order to maintain a suitable number of Coach Evaluators, MLFs and LFs to meet the needs of the various contexts shall be:

• To monitor the number of MLFs active and ensure there are adequate numbers to meet the needs of the P/TSOs, including linguistic and geographic requirements;

• To review the roster of active Coach Evaluators and LFs annually with the P/TSOs and determine training requirements; and

• To monitor the opportunities for further education and training of resource personnel and to make these opportunities known to them.
10 TABLE TENNIS CANADA STAFF AND PERSONNEL

Table Tennis Canada, in cooperation with the P/TSOs, will identify and designate a roster of personnel to carry out the objectives of the National Coaching Certification Program.

These personnel may include:
1. Table Tennis Canada staff and liaison personnel
2. P/TSO staff and liaison personnel
3. Coach Developers:
   o Master Learning Facilitators (MLF)
   o Learning Facilitator (LF)
   o Master Evaluators (ME)
   o Coach Evaluators (CE)

Table Tennis Canada will recruit and develop this roster of training personnel by seeking candidates with demonstrated core competencies of valuing, leading, interacting, problem-solving and critical thinking skills.

The identified personnel will be responsible for coordinating the activities of the coaches within the provincial associations. They will act in a leadership role within the province or territory, and will monitor the progress of coaching development programs. They will report to Table Tennis Canada any difficulties or challenges in implementing and delivering Table Tennis Canada’s NCCP, and are encouraged to make recommendations for improvement.

The personnel tasked with carrying out the objectives and programs related to coach training and development will be required to sign a Code of Conduct adopting the principles of the NCCP and respecting the objectives and mission (See Section 12.9).
11 COMMUNICATIONS

Table Tennis Canada recognizes the importance of a consistent and well-developed communications strategy to keep all stakeholders fully informed of program developments and benefits. Information shall be disseminated to P/TSOs through their staff and/or local volunteer base. Table Tennis Canada will also communicate NCCP updates directly to Learning Facilitators, Master Learning Facilitators, Coach Evaluators and Master Evaluators.

All communications will be disseminated through email. All information will also be posted on the TTCAN website, under the Coaching section.

As part of its Annual Review of the NCCP Program, a review of the Communication Plan should be held and any tools and resources requiring updating and distribution as necessary.
12 TOOLS

12.1 NCCP Code of Ethics

What is a Code of Ethics?

A code of ethics defines what is considered good and right behaviour. It reflects the values held by a group. These values are usually organized into a series of core principles that contain standards of behaviour expected of members while they perform their duties. It can also be used as a benchmark to assess whether certain behaviours are acceptable.

Why a Code of Ethics in Coaching?

Core coaching values have been formalized and expressed as a series of principles in the NCCP Code of Ethics. These principles can be thought of as a set of behavioural expectations regarding participation in sport, coaching athletes or teams, and administering sports.

The NCCP Code of Ethics can help coaches to evaluate issues arising within sport because it represents a reference for what constitutes both “the good and right thing to do”. For example, the code of ethics helps coaches make balanced decisions about achieving personal or team goals and the means by which these goals are attained.

Values Underpinning the NCCP Code of Ethics

The NCCP Code of Ethics is a simplified version of the Code of Ethics of Coaches of Canada (formerly the Canadian Professional Coaches Association). However, both codes deal with the same fundamental values of safety, responsible coaching, engaging in relations with integrity, respecting athletes, and honouring sport. These values are expressed as 5 core ethical principles.

1. Physical safety and health of athletes
2. Coaching responsibly
3. Integrity in relations with others
4. Respect of athletes
5. Honouring sport

The following chart provides a description of each principle and outlines some implications for coaches.
